  - Please use the power supply of the speakers rated voltage for charging;
  - Unauthorized removal will invalidate the warranty;
  - Being in high volume for a long time may cause hearing damage, and should avoid too high volume;
1. Note: If the battery is not replaced properly, there is an explosion risk, and only the same type or equivalent type of battery can be replaced;
2. Batteries must not be exposed to warnings such as sunlight, fire, or similar overheating conditions.

### ◆ Bluetooth Microphone Accessories

1.Speaker host 1 2.Charging wires 3.AUX Transfer Line 4.Manual, warranty card.

### ◆ Product characteristics:

- Support Bluetooth Music Play and hands-free calls
- Support 32G TF cards, support audio input
- Support AUX-IN/TF/USB/CLOCK/FM/TWS
- Support bluetooth secondary automatic connection

### ◆ Product parameters:

External interface	Micro USB charging ,interface TF-port
Product Size	310*60*61mm
Product weight	680g/690g

### ◆ Basic parameters:

Maximum output power	5W*2
Signal-to-Noise ratio	≥75db
Battery capacity	2000mah
Distortion THD	≤1%
Trumpet specifications	Φ 52mm 4Ω 5W
sound channel	stereo
TF support format	Music Format MP3 WAV
Transmission distance	8-10M (It's different for the environment and Bluetooth devices.)
Bluetooth 5.0	Bluetooth Protocol A2DP/AVRCP/HSP
Snickers.	Capacitive type
Functional characteristics	Bluetooth, TF, AUX-IN, TWS, USB, CLOCK, FM
Type of storage	TF maximum capacity does not exceed 32G

### ◆ Electricity parameters:

Rated voltage	DC 3.7V
Detachable lithium batteries	3.7V/2000mah
Bluetooth Frequency	2.4Ghz
Charge voltage	DC-5V 500mA
Charging time	2±0. hours
Audio playing time	Moderate volume approximately 5.6hours

Frequency response	100Hz~10KHz
Reverberation mode	Echo reverberation
Maximum acoustic pressure	>115db 1KHzTHB1%

### ◆ Keys and Functions:

- turn on/off the speaker , click the button to adjust TF,FM,AUX mode,double click the button adjust to clock mode, click + -to adjust the time, double click the button again to exit the clock mode
  - pause or on the phone,during Bluetooth mode click this button can stop the music,click again play music then.When call in click this button on the phone,long press the button refuse the call.
  - short press the button next song,long press the button increase the volume
  - short press the button Previous song,long press the button reduce the volume
- Turn off the speaker :**when no need the speaker work ,long press the button to the speaker to prevent power loss.
- Low Voltage Alarm and Automatic Shutdown Power :** when the voltage is less than 10%,the white led light shining slowly ,when the voltage is full without shining ,pls charge it soon.when the voltage is less than 3% ,the speaker will turn off automatically.

### ◆ Bluetooth function:

- Long press the switch button about 3 seconds with boot sound, blue light flashing, at this time speaker is in standby search state.
- Open the Bluetooth device settings(Bluetooth device brand is different, Bluetooth function is different), enter the search, Bluetooth device will

### ◆ Indicator status:

Bluetooth mode: White light on

Pair: white light shining slowly

External audio mode:white light on.

TF card mode: white light on.

USB flash mode: white light on

Charging instructions: when charging red light turns on. when speaker is full voltage red lights turn off.

### ◆ Indicator status:

Bluetooth mode: White light on

Pair: white light shining slowly

External audio mode:white light on.

TF card mode: white light on.

USB flash mode: white light on

Charging instructions: when charging red light turns on. when speaker is full voltage red lights turn off.

Low voltage mode:when the voltage is low ,the white light shining slowly ,if full the light turn off .

### ◆ Use and storage environment:

1. Use environment

Temperature: 0 ° ~ 40 ° C

Humidity: 0 % to 85 % RH

2. Storage environment

Temperature: -30 ° C ~ 60 ° C

Humidity: 0 % to 90 % RH

### ◆ Frequently Asked Questions:

fault

Multiple connection matches were not successful

Music playing is interrupted

Play no sound

Cannot start product

LED light not on

solution

Turn off speaker or password required: 0000

Is the connection beyond range or is there an obstacle between the speaker and the phone

Check if the speaker's sound is the lowest

Check the speaker whether has electricity?

Check that the charging interface is plugged in.

### ◆ Description of after-sales service:

Dear Customer, Thank you for using our products. In order to protect your rights and interests, please read:

1. The product warranty card is the necessary certificate for our company to provide free after-sales service for its products during the warranty period.

2. According to who sells who is responsible for the three-pack principle, the product has quality problems(product warranty card) to contact the distributor, the distributor to provide services to the customer, our company provides service support to the distributor.

3. The company undertakes that quality problems will occur within seven days
