

Fixed-point positioning Guide

Four Guardians can collect 6 main parts of daily activity areas for this watch. When this watch enter or leave those daily activity areas that watch will send message to the first authorized Guardian.

1. Collect the position

Four guardians can collect the position By SMS (Collect: 1, school). The SMS messages as like follow pictures show:

e.g. the first authorized Guardian1 set the school area as the daily activity area of 1.And set the bus station area as the daily activity area of 2...As like it, Guardians can collect 6 main parts of daily activity areas.

2. SMS Notifications

When this watch enter or leave those daily activity areas that watch will send message to the first authorized Guardian. The message as like follow pictures show:

The watch has entered the school area

The watch have left school

3. Get position

Each of four guardians can get the position By SMS (get position) at anytime. The SMS messages as like follow pictures show:

The watch still in the school at this moment
