Step 4:

选择 "I accept".

Choose "I accept".

License terms

Please read this so you know what you're agreeing to.

MICROSOFT SOFTWARE LICENSE AGREEMENT WITH COMPUTER MANUFACTURER OR SOFTWARE INSTALLER

WINDOWS 8.1 WITH BING

Thank you for choosing a computer preinstalled with Microsoft Windows 8.1 with Bing. This is a license agreement between you and the computer manufacturer or software installer that distributes Windows 8.1 with Bing with your computer. This agreement describes your rights to use the Windows 8.1 with Bing software. For your convenience, we've organized this agreement into two parts. The first part includes introductory terms phrased in a question and answer format; the Additional Terms and Limited Warranty follow and contain greater detail. You should review the entire agreement, including any linked terms, because all of the terms are important and together create this contract that applies to you. You can review linked terms by pasting the forward link into your browser window once the software is running. **The Additional Terms contain a binding arbitration clause and class action waiver. If you live in the United States, these affect your rights to resolve a dispute with the computer manufacturer or software installer, or with Microsoft, so you should read them carefully.**

By accepting this agreement or using the software, you agree to all of these terms and consent to the transmission of certain information during activation and for Internet-based features of the software. If you do not accept and comply with these terms, you may not use the software or its features. You may contact the manufacturer or installer to determine its return policy and return the software or computer for a refund or credit under that policy. You must comply with that policy, which might require you to return the software with the entire computer on which the software is installed for a refund or credit, if any.
