- High temperature resistant silicone

Name	Heated screen remover	Numbering	568A
Power	300W	Voltage	AC110/220V
Temperature range	0~120°C	Work scope	350*250mm
Product Size	385*250*29mm	Package Size	220*270*60mm
Product Weight	750g	Package weight	1kg

1. Connect to power (Before connecting to the power supply, please make sure the voltage is 110V/220V) To avoid burning out!

②Connect to power supply

Light: Press (Light 4) to turn on the dust display light, press it again to turn it off!

Large size heated screen remover that heats up super fast

A good helper for electronic repair

1 使用须知

使用本产品前请仔细阅读本使用说明和安全须知，请妥善保管本使用说明。
为了保护您的权益，在您使用前，请确认以下资料的完备性：

- ①.568A产品
- ②.电源线

2 使用安全

在使用本产品前后，请注意以下安全事项，以免造成人身或财产的损害：

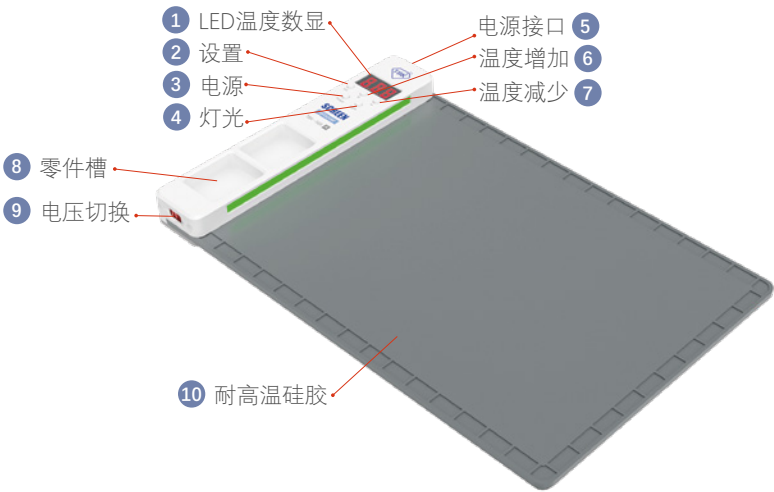

- 请在指定的电压范围内使用本产品，避免过高或过低的电压，导致产品损坏或发生危险。
- 请勿将本产品放置在易燃或易爆的物品附近，避免引起火灾或爆炸。
- 请勿将本产品浸入水中或接触液体，避免造成电气故障或触电。
- 请勿将本产品拆开或改装，避免损坏产品或影响产品性能。
- 请勿将本产品用于非法或不合理的用途，避免造成不必要的麻烦或责任。
- 请在使用本产品时，遵守相关的法律法规，尊重他人的知识产权和隐私权。

3 故障排除

如果在使用本产品过程中遇到以下常见问题和故障，请参考以下解决方法和建议，或者联系我们的售后服务：

- 本产品无法通电或连接：请检查电源线、数据线是否插好，电源插座是否正常，电源开关是否打开，如果问题仍然存在，请联系我们的售后服务。
- 本产品输出数据不准确或异常：请检查输出线是否接触良好，输出设备是否正常工作，输出参数是否合理，如果问题仍然存在，请联系我们的售后服务。

产品参数

产品名称	加热拆屏宝	产品型号	568A
输出功率	300W	输入电压	AC110/220V
温度范围	0~120°C	工作范围	350*250mm
产品尺寸	385*250*29mm	包装尺寸	220*270*60mm
产品净重	750g	包装重量	1kg

注意：由于测量方法、工艺、环境等因素的影响，产品的尺寸和重量可能与标注的数值有稍微的误差，请以收到的实际产品为准，感谢您的理解和支持！

操作说明

1.接入电源（接入电源前，请先确定电压110V/220V）以免烧坏！

2.放置需要拆屏的手机/平板在工作区内. ⑩

3.长按（Power ③）键启动.再次长按则关闭电源.

设置：按下（Set ②）进入设置温度画面，通过+/- -按键设置温度高低
再次按下（Set ②）返回实时温度画面。

灯光：按下（Light ④）即可开启显尘灯，再次按下即可关闭！

1 Usage notice

Please read these instructions for use and safety instructions carefully before using this product, and please keep these instructions for use properly. In order to protect your rights and interests, please confirm the completeness of the following information before you use it:

- ①. 568A products
- ②. Power cord

2 Use safely

Before and after using this product, please pay attention to the following safety precautions to avoid personal or property damage:

- Please use this product within the specified voltage range to avoid excessively high or low voltage, which may cause product damage or danger.
- Do not place this product near flammable or explosive items to avoid causing fire or explosion.
- Do not immerse this product in water or contact with liquids to avoid electrical failure or electric shock.
- Do not disassemble or modify this product to avoid damaging the product or affecting product performance.
- Do not use this product for illegal or unreasonable purposes to avoid unnecessary trouble or liability.
- When using this product, please abide by relevant laws and regulations, and respect the intellectual property rights and privacy rights of others.

3 Trouble Shooting

If you encounter the following common problems and failures while using this product, please refer to the following solutions and suggestions, or contact our after-sales service:

- This product cannot be powered on or connected: Please check whether the power cord and data cable are plugged in properly, whether the power socket is normal, and whether the power switch is turned on. If the problem persists, please contact our after-sales service.
- The output data of this product is inaccurate or abnormal: Please check whether the output lines are in good contact, whether the output device is working normally, and whether the output parameters are reasonable. If the problem persists, please contact our after-sales service.
