PRODUCT OPERATING INSTRUCTIONS 产品操作说明

● 中框矫正

将编号③组件按对应位置对齐并插入中框，调整需校正区域，将中框压板就位，开始校正
Align component ③ with its corresponding position and insert it into the mid-frame; adjust the area requiring correction, position the mid-frame pressure plate, and initiate the correction process.

● 框架矫正

将编号②组件按对应位置对齐并将中框边框放入，开始矫正
Align Component ② with its corresponding position, insert the mid-frame bezel, and begin the alignment process.

● 圆弧矫正

将编号①组件按对应位置对齐并将中框圆弧放入，开始矫正
Align Component ① with its corresponding position, insert the curved section of the mid-frame, and begin the correction process.

USER MANUAL 使用手册

三合一中框矫正 3-IN-1 MID-FRAME ALIGNMENT

Benefit users around the world with innovative tools.

Thank you for using our products. Please read this instruction and safety instructions carefully before using this product, and keep this instruction properly. In order to protect your rights, please confirm the completeness of the following information before you use it:

感谢您使用我们的产品，使用本产品前请仔细阅读本使用说明和安全须知，请妥善保管本使用说明。为了保护您的权益，在您使用前，请确认以下资料的完备性：

USE SAFELY 使用安全

Before and after using this product, please pay attention to the following safety precautions to avoid personal injury or property damage:

- This is a manual mechanical correction tool. No power supply or battery is required.
- Use on a stable, dry, and clean workbench.
- Check that all knobs, sliders, pressing blocks, and positioning parts are firmly installed before use.
- Align the phone mid-frame, frame, or corner area correctly before adjustment.
- Do not apply excessive force at once. Adjust gradually to avoid damage.
- Keep fingers away from clamps, pressing blocks, and moving parts to prevent injury.
- Do not disassemble, modify, or use non-original parts.
- Use this product only for mobile phone repair

在使用本产品前后，请注意以下安全事项，以免造成人身或财产的损害：

- 本产品为手动机械式矫正工具，无需接通电源或电池供电，请勿连接任何电源或电动设备。
- 请在平稳、干燥、整洁的工作台面使用，避免产品滑动、跌落或受力不均。
- 使用前请确认旋钮、滑轨、压块、定位柱及固定部件安装牢固，避免松动影响矫正效果。
- 放置手机中框、框架或圆角位置时，请先对齐定位区域，再缓慢调节夹具进行矫正。
- 请勿一次性过度施力或强行压合，建议多次少量调节，避免造成二次变形或损坏。
- 请勿将手指放入夹具、压块或滑动结构之间，避免夹伤。
- 请勿自行拆解、改装或更换非原厂配件，以免影响产品精度和使用安全。
- 请勿将本产品用于非手机维修相关用途，避免造成不必要的损坏或责任。

TROUBLE SHOOTING 故障排除

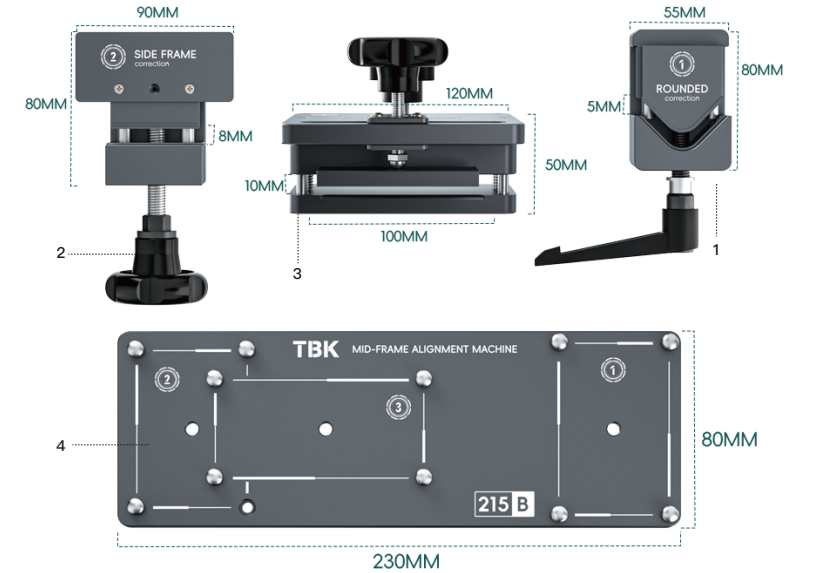

- Knob or slider is not smooth: Check for debris and make sure all parts are installed correctly.
- Correction effect is weak: Confirm the frame is placed in the correct position and adjust gradually
- 调节不顺畅或旋钮卡顿：请检查滑轨、螺杆及活动部位是否有异物阻挡，并确认各部件是否安装到位。
- 矫正效果不明显：请确认手机中框或框架是否正确放置在对应定位区域，并采用多次微调方式逐步修正。

PRODUCT INTRODUCTION 产品介绍

3-in-1 Phone Correction Tool combines mid-frame correction, frame reshaping, and corner repair. No power required, easy manual operation, precise positioning, and ideal for professional phone frame repair.

三合一手机矫正器，集中框矫正、框架整形、圆角修复于一体。无需接电，手动调节，定位精准，适用于手机外框变形维修，操作简单高效。
